MiniTool ShadowMaker

Provide Strong Data Protection

MiniTool ShadowMaker Introduction

MiniTool ShadowMaker - secure, reliable, full-featured, and cost-effective Windows and Server backup software, gives you continuous & strong data protection. Various backup types including file, folder, system, partition & disk backup are supported. You can schedule your backups in simple clicks - no extra efforts required. Once a disaster occurs, you can restore your system instantly and quickly get your machine back to working order, minimizing downtime & disruption in a reliable and flexible way.

Main Functions

- Backup options include system backup, file & folder backup, disk & partition backup;
- Support automatic backup, incremental backup, and differential backup;
- Sync files between computers in the same network;
- Clone basic and dynamic disks;
- Offer flexible dissimilar hardware recovery;
- Help create a WinPE-based bootable CD/DVD disc, USB hard disk, or flash drive.

MiniTool ShadowMaker Editions

MiniTool ShadowMaker includes 6 editions: Free, Pro Monthly Subscription, Pro Annual Subscription, Pro Ultimate, Business Standard, and Business Deluxe.

MiniTool ShadowMaker Free Edition

MiniTool ShadowMaker Free Edition is a professional backup program compatible with Windows and workstations. With it, you can easily back up files, folders, partitions, and disks. File sync and disk clone can be finished smoothly. By restoring everything quickly from backups, it ensures your data is always available.

Price: Free

OS Support: Windows 10, Windows 8.1/8, and Windows 7 (32/64-bit).

Learn more: <https://www.minitool.com/backup/system-backup.html>

MiniTool ShadowMaker Pro Monthly Subscription

MiniTool ShadowMaker Pro Monthly Subscription edition not only contains all the features supported by the Free Edition, but also allows you to manage remote computers, restore the system to a computer with dissimilar hardware, back up & sync in WinPE, and supports SSL encryption & network booting, etc.

Price: \$9.99/month (monthly usage, 1-month free upgrade)

OS Support: Windows 10, Windows 8.1/8, and Windows 7 (32/64-bit).

License Type: 1 license for 1 PC

Learn more: <https://www.minitool.com/backup/shadowmaker-pro.html>

MiniTool ShadowMaker Pro Annual Subscription

MiniTool ShadowMaker Pro Annual Subscription shares the same feature with the Pro Monthly subscription. Using this software, you can totally rely on its scheduled backup plan to protect any important files on your computer.

Price: \$36.00/year (yearly usage, 1-year free upgrade)

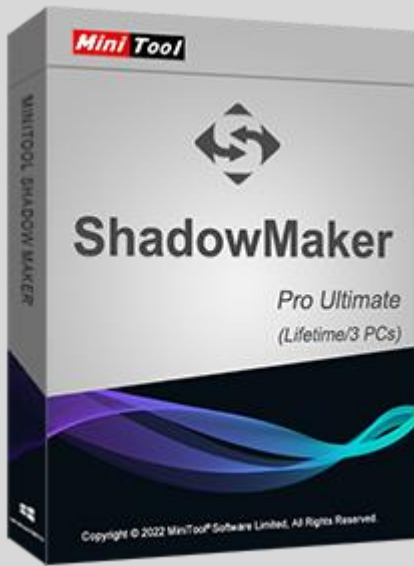

OS Support: Windows 10, Windows 8.1/8, and Windows 7 (32/64-bit).

License Type: 1 license for 2 PCs

Learn more: <https://www.minitool.com/backup/shadowmaker-pro.html>

MiniTool ShadowMaker Pro Ultimate

If you have more than one computer to work with, then MiniTool ShadowMaker Pro Ultimate is more cost-effective. With this program, you can feel free to sync files between computers in the same network, and using the Universal Restore feature to quickly fix any operating system issue.

Price: \$79 (lifetime usage, Lifetime free upgrade)

OS Support: Windows 10, Windows 8.1/8, and Windows 7 (32/64-bit).

License Type: 1 license for 3 PCs

Learn more: <https://www.minitool.com/backup/shadowmaker-pro.html>

MiniTool ShadowMaker Business Standard

Windows Server Environment handles a collection of important business files. MiniTool ShadowMaker Business Standard creates a duplicate of business data that can be stored at a separate location. By doing this, you enable your company to get up and run quickly after a service interruption.

Price: \$129.00 (lifetime usage, 1-year free upgrade)

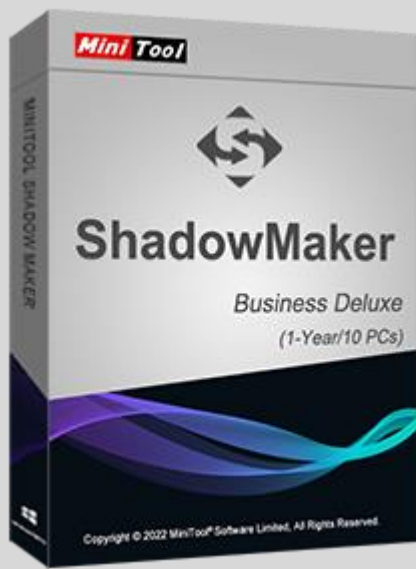

OS Support: Windows 10, Windows 8.1/8, Windows 7, Windows Server 2008, 2012, 2016, and 2019 (32/64-bit)

License Type: 1 license for 1 PC/Server

Learn more: <https://www.minitool.com/backup/server-backup.html>

MiniTool ShadowMaker Business Deluxe

MiniTool ShadowMaker Business Deluxe is all-inclusive data protection solution for Windows PC and Windows Server. This program includes all features you can find in the Business Standard Edition and helps easily back up and restore business data on 10 PCs/Servers.

Price: \$399.00 (lifetime usage, 1-year free upgrade)

OS Support: Windows 10, Windows 8.1/8, Windows 7, Windows Server 2008, 2012, 2016, and 2019 (32/64-bit)

License Type: 1 license for 10 PCs/Servers
